

Xilence dissipatore M403 Pro 150W multisocket Intel/AMD

Prezzo :

25,00 € Iva inclusa

SKU: XC029

Descrizione

The compact M403PRO with its tower design is the new multi-socket cooler from the Performance C Series. Three high-performance copper heat pipes dissipate 150W waste heat to the innumerable cooling fins. These reasons make the cooler ideal for powerful multi-core processors. Additionally, the heat transmission between CPU and cooler is very evenly and efficient due to the direct contact of heat pipes and CPU. The mounting material make this cooler suitable for all current AMD and INTEL sockets. The scope of delivery not only includes the heat sink tower, as well as the 120mm PWM fan but also a holding module for Intel sockets 1150/1151/1155/1156/1200/1700 and AMD sockets FM2+/FM1/FM2/AM2/AM2+/AM3/AM3+/AM4 and a tube of thermal paste
